

## Token Economics

### 10% Daily Trading Rewards - PayRue NFT

Collectors and traders gets rewarded when trading on PayRue NFT

To Qualify for Daily Trading Rewards you need to either

- 1 [Own a PayRue NFT Penguin](#)
- 2 Minimum of 1m [Propel Staked](#)

\* You need to use same wallet as you that holds your Penguin NFT or used to Stake when trading NFT to be included in daily rewards scheme

PayRue NFT Marketplace & Exchange distribute back **10%** of total USD volume equivalent in Propel back to the community each day.

The formula for reward is

$$\frac{\text{Your Total 24h Trading Volume}}{\text{Total Exchange 24h Trading volume}} \times \text{24h Daily Reward Pool} = \text{Your Daily Propel Reward}$$

\* Daily Reward Pool (10% of Notional Trading Volume / Price of Propel CMC )

Eg. Bob owns a PayRue Penguin and trades NFT for 500 USD in PayRue the last 24h that would earn him rewards as follow:

$$500 \text{ USD} / 10,000 \text{ USD} * 25,000,000 \text{ Propel } (0.1 * 10,000 / 0.00004 \text{ Price of Propel CMC})$$

The daily reward for Bob is 1,250,000 Propel

The rewards can be claimed the following day from dashboard

### PayRue Penguins - Yield Bearing NFT

A collection of 1,000 PayRue Penguins that represent 10% of the total earnings of PayRue. Owning 1 Penguin would therefore generate 0.01% of the PayRue Digital Asset Platform earnings. This yield bearing NFT will automatically pay out 0.01% to each Penguin owners wallet every day from previous days earnings.

### PayRue DAO - 35% ownership of revenue

PayRue DAO is set up around Members and Stakeholders and difference and requirements are

Members = 1 PayRue Penguin or 1m Propel in your wallet - and you can make proposal for to the DAO

Stakeholders = 10m Propel and you are entitled to Pre-Vote on what kind of proposals that should be sent to a general vote

The PayRue DAO receives 35% of the Revenue from PayRue and decides on how and what to spend those assets on.
